

Rockfon Planar® PlanarPlus® Linear Ceilings

Applications

Create linear and curvilinear designs in interior or exterior spaces.

Features

- Round and square edge panels - 4" wide, 5/8" deep.
- Thicknesses and finishes for any environment.
- Painted colors, reflective and vinyl wood finishes.
- Reveals between panels can be open or closed with filler strips.
- Metal contains no organic compounds to support mold and microbial growth.
- Integrated lighting and air diffusers available.

Benefits

- Incorporates lighting, air, audio and plumbing services.
- Visual design continuity from exterior to interior.
- Adjust acoustical performance to suit application.
- Sustainable: 75%-100% recycled content, 100% locally recyclable.
